Continued from Page 1

The good news for this project: Southern Baptists have a history of cooperation! We are co-laborers with seven other associations. If one does the math, \$460,000 divided by eight is \$57,500. Or to break this down further, 47 SRBA churches sharing the cost equally is \$1,223 per church.

I am asking the Lord to move the churches in our association to support this project. What might God be asking you to do to continue seeing lives changed through the ministry of Baptist Hill? If you want a great idea for raising money, ask me about the 1-100 envelope challenge.

We are still in this together!

SPRING RIVER BAPTIST ASSOCIATION

The Reminder

Who Knew?

Written by Kirk Baker

Did you know Spring River Baptist Association owns a campground? Well, we are one-eighth owners of a campground called Baptist Hill. SRBA and seven other associations in southwest Missouri own the facility just outside of Mount Vernon. Baptist Hill has been in existence for 104 years!

The reason the camp exists is for campers of all ages to have the opportunity to hear the gospel of Jesus Christ. 1 Corinthians 15:3 clearly describes the gospel: "That Christ died for our sins according to the scriptures, and that He was buried, and that He rose again the third day." This is the message proclaimed to campers of all ages who visit Baptist Hill. As of the conclusion of 2021, over 18,300 people have trusted Christ as Savior through the ministry of Baptist Hill through the years. That is something to celebrate.

Our campground has all the normal amenities of a Christian camp setting. We have a worship center, cafeteria, craft buildings, dorm-style cabins, two hotel units, playground areas, RV spaces, a new amphitheater, and an old pool with a waterslide. A new amphitheater is really exciting, while an old pool is not. That brings me to the reason for this update.

Our pool is in disrepair and needs a major overhaul. The existing smooth surfaces need to be removed and replaced. A new drainage and pump system needs to be installed, along with a new pump house built away from existing restrooms. All of this is estimated to cost \$660,000. Fortunately, God has already provided about \$200,000. That leaves \$460,000 to accomplish the work this fall so the pool will be ready for the 2023 camping season.
